

# COMPLIANCE BASICS

## PORTAL ACCOUNT

If you have a US DOT Number you **"MUST"** set up a FMCSA portal account prior to September 30, 2016.

Setup your portal account at: <https://portal.fmcsa.dot.gov/login>

Truck Services Inc. has been working with this process and is developing a program that will be offered as an option for you. TSI will set up your Portal account, with an option of monitoring CSA Scores, alerts, handling correspondence and keeping you informed of any pending account requests and updating your password which will expire every 90 days. TSI will provide a quarterly report to include a spreadsheet of trends and areas of concern which will allow your company to correct issues before it shows on DOT's radar. Contact TSI at [402-476-7671](tel:402-476-7671) and talk to Doug at ext. 113, Jody at ext. 108 or Vicki at ext. 107.

Remember you have until September 30, 2016 to set up your Portal Account.

### Who needs a DOT #, BOC-3 filing, and Insurance filing?
